

# Roxtec GH FL100 transit

Transit with wide flange, for bolting onto uneven structures.

The Roxtec GH FL100 is a cable and pipe seal that allows for high packing density. The transit ensures a tight seal when bolted onto concrete or brick walls/floors. The rectangular steel frame has a 100mm wide flange to make it possible to place the bolting holes further from the opening in the wall to avoid the risk of cracks. The transit can be used with a GE extension frame in galvanized steel to cover the depth of a thick wall.

-  Rodent resistant
-  Area efficient
-  Easy to maintain and inspect

## Product characteristics

Fire rated

IP/UL NEMA

## Structure of installation

Concrete

Brick

## Mounting type

Bolting

## Ratings & certificates

### Fire

-  E/EI rating according to EN 13501
-  F/T rating according to UL 1479

### Tightness

-  IP 66/67

## Frame dimensions

### in/lbs

The frame variants below are a limited selection. For the full range of frames and configurations, please visit [roxtec.com](https://www.roxtec.com).

Product	Frame openings	Packing space	External dimensions WxHxD	Aperture dimensions w x h	Weight	Art. no
GH 6x1 FL100 GALV	1	4.724 x 7.087	13.091 x 16.929 x 2.362	5.827(+0.197/-0.197) x 9.646(+0.197/-0.197)	17.2	122158
