

Roxtec instort-unit

Unit met uitbreekdeksel voor afdichting voordat kabels en leidingen worden doorgevoerd.

Met de Roxtec instort-unit (knock-out sleeve, KOS) blijft uw gebouw droog tijdens en na de bouw en beschikt u over reservecapaciteit voor de toekomst. De unit kan eenvoudig worden aangebracht en in wanden van verschillende diktes ingestort. De instort-unit zorgt voor een perfecte afdichting totdat het deksel wordt uitgebroken voor het doorvoeren van kabels en leidingen. De units kunnen met een klikverbinding worden gekoppeld tot ruimtebesparende clusters. Nadat kabels of leidingen zijn doorgevoerd, moeten ze worden afgedicht met Roxtec UG™ oplossingen met de bijbehorende diameters.

- Lichtgewicht
- Ruimtebesparend
- Snel en eenvoudig te installeren

Producteigenschappen

Waterdicht

Gasdicht

IP/UL NEMA

Installatiestructuur

Beton
