

# Roxtec RS PPS-tätning med SL PPS

Genomföringstättning för stora enstaka plaströr.

Roxtec RS PPS med SL PPS är ett genomföringskit som består av två Roxtec RS-tätningar och en tätningssremsa av svällande material som lindas runt plaströret mellan tätningarna. De avskalbara lagren gör att varje tätning kan anpassas till rör av olika storlekar. Genomföringstättningen blockerar rök, lågor och vatten om en brand uppstår. För plaströr upp till 386 mm.

- Enkel att underhålla och inspektera

## Produktegenskaper
