

Sistema di sigillatura antincendio Roxtec Sleeve-it™

Sistema di sigillatura con protezione antincendio per singoli tubi in plastica.

Il sistema di sigillatura Roxtec Sleeve-it™ Fire rappresenta una soluzione leggera e versatile. Il suo alloggiamento in acciaio inossidabile contiene strati di materiale intumescente che reagisce al calore sviluppato da un incendio, proteggendo l'attraversamento quando la tubazione in plastica inizia a crollare. Viene installato su un lato ed è apribile, quindi può essere utilizzato sia per le nuove installazioni che per il retrofit. È disponibile per strutture in alluminio e acciaio.

- Leggero
- Compatto
- Veloce e facile da installare

Caratteristiche

Resistenza al fuoco

Struttura dell'installazione

Metallo

Tipo di montaggio

Saldatura

Ratings e certificati

Fuoco

- CLASSE A secondo IMO 2010 FTP Code
- CLASSE B secondo IMO 2010 FTP Code
