

Roxtec RS PPS/S afdichting met SL GRP

Lichtgewicht afdichting voor kunststof leiding voor installatie aan één zijde in composietconstructies.

De Roxtec RS PPS/S met SL GRP is een afdichting voor een kunststof leiding in brandvertragende composietconstructies, zoals dekken en schotten. De afdichting zorgt voor een volledige bescherming tegen water, koude rook en gas. In geval van brand zet de afdichting uit voor behoud van de brandwerendheid. De afdichting wordt vanaf één kant geïnstalleerd en heeft afpelbare lamellen, waardoor deze aan verschillende leidingdiameters kan worden aangepast. De GRP bus wordt in de constructie gelamineerd.
