

Roxtec RS afdichting met SLFO/Ext

Afdichting voor een enkele kabel of leiding.

De Roxtec RS met SLFO/Ext is een afdichting met bus voor een enkele kabel of leiding. De invoerafdichting bestaat uit twee helften met afpelbare lamellen, zodat de afdichting kan worden aangepast aan de diameter van de kabel of leiding. Het ontwerp van de doorvoer vereenvoudigt de installatie rondom bestaande kabels of leidingen. Het deelbare frame voldoet dankzij de brede flens aan de minimale randafstand tussen de bevestigingsbouten en opening en wordt bevestigd op een ondergrond als beton.

- Ideaal voor retrofittoepassingen
- Aan te passen aan kabels en leidingen van verschillende diameters
- Kan na installatie worden geopend

Producteigenschappen

Waterdicht

Brandvertragend

Installatiestructuur

Beton

Montagetype

Bouten

Specificaties en certificaten

Brand

- E/EI-classificatie volgens EN 13501

Dichtheid

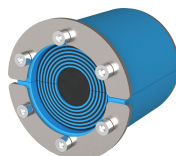

- Water: 0,3 bar (constante druk)
