

Roxtec H2 seal with SLA

Cable seal with adaption sleeve for attachment in drilled hole

The Roxtec H2 seal with SLA sleeve is a transit for one or two cables in round holes. The compression is integrated in the transit frame, so it seals by expansion. The entry seal has two halves with removable layers making it adaptable to cables of different sizes. The sleeve is threaded and is attached to the structure with a counter nut

- Eficiencia de área
- Perfecto para renovaciones
- Rápido y sencillo de instalar

Características del producto
